Coal block awarded to private sector for exploitation

1787. SHRI KRISHNA KUMAR BIRLA: Will the Minister of COAL AND MINES be pleased to state:

(a) whether Government have decided to award coal blocks to private sector for exploitation of coal deposits;

(b) if so, the details of coal blocks awarded to private sector and under what terms and conditions;

(c) whether the awarding of coal blocks to private sector will help Government in saving the loss making subsidiaries; and

(d) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF COAL AND MINES (SHRI RAVI SHANKAR PRASAD): (a) Considering the need to augment power generation and to create additional capacity during the VIII Plan period, the Government decided to allow private participation in the Power Sector. The Coal Mines (Nationalisation) Act, 1973 was amended *w.e.f.* 9.6.1993 to allow private sector participation in coal mining for generation of power, for washing of coal obtained from a mine or for other end uses to be notified by Government from time to time in addition to the existing provision for the production of iron and steel. Mining of coal for production of cement was also permitted by the Government vide notification dated 15.3.1996.

At present 121 coal mining blocks/sub-blocks under Coal India Limited and 7 blocks under Singareni Collieries Company Limited have been identified for mining by public/private sector companies for specified end use on captive basis.

(b) As on date, 27 coal blocks stand allotted for captive mining

details of which are given in the Statement (*See* below). Following are the general terms and conditions stipulated while alloting the blocks for captive mining :—

1. The party should take necessary action for obtaining lease of mining rights and also comply with various legal/commercial formalities for development of the block within a period of six months.

2. The party should also interact with the concerned coal company for payment of exploration charges, if any, within a period of six months.

3. The party should finalise the arrangements for transport of coal in consultation with Ministry of Railways.

(c) As the list of blocks identified for captive mining is outside the list of blocks reserved for mining by CIL & its subsidiary coal companies, allocation of coal blocks for mining by public/private sector parties for specified end use on captive basis has no relationship with profit or loss of any subsidiary company of Coal India Ltd.

(d) Does not arise in view of reply to part (c) above.

Statement

Details of captive mining blocks which stand allotted as on 28.11.2001

Sl. No.	Name of the party	Date of allotment	Block allocated	End Use
1	2	3	4	5
